

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic Import Vehicles

|                       |   |      |            |
|-----------------------|---|------|------------|
| CAMPAIGN No.          | Gai-1821  | DATE | 2012/03/06 |
| MANUFACTURE           | Daimler AG<br>(Japanese Importer : Mercedes-Benz Japan Co., Ltd. )  |      |            |
| DESCRIPTION OF DEFECT | Due to improper circuit design at the intake air heating system, circuit of the electric power supply may be damaged and the electric current may keep flowing in case that outside temperature is low. Therefore, if the vehicle is used under this condition continuously, the system may be heated, melted and may not work correctly. As a worst case, it might cause the fire. |      |            |
