Brochure for introduction of Japanese real estate market in English

Land Economy & Construction Industries Bureau has just released the brochure for introduction of Japanese real estate market. The contents are as below.

- ① Overall Economic policy
- ② National land policy of MLIT
- ③ Future infrastructure projects
- ④ Urban development projects
- ⑤ General information of real estate market
- ⑥ Properties with excellent environmental performance
- ⑦ Transparency of the market

We expect this will contribute to better understanding of Japanese real estate market. MLIT will publish other useful information about Japanese real estate market continuously.

※ Downloadable brochure as below
