

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic Import Vehicles

|                       |      |  |              |
|-----------------------|------|--|--------------|
| CAMPAIGN NO.          | 4052 | DATE   | May 25 ,2017 |
| MANUFACTURER          |      | ISUZU MOTORS LIMITED   |              |
| DESCRIPTION OF DEFECT |      | <p>There are heavy-duty trucks where the power steering oil pipe was fitted inappropriately in production, so that the fitted pipe is deformed. If the heavy-duty trucks in question continue to be used under such a state, tensile force may affect the power steering oil hose, which is connected to the said pipe. This situation may cause the hose in question to come off the power steering oil tank, leading to oil leak and, in the worst case, to a situation where more steering effort is necessary.</p> |              |
