

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Import Vehicles

|                       |  |      |                 |
|-----------------------|--|------|-----------------|
| CAMPAIGN No.          | Gai-2581   | DATE | January 18 2018 |
| MANUFACTURE           | FCA US LLC<br>(Japanese Importer : Fiat Chrysler Automobiles Japan Ltd. )  |      |                 |
| DESCRIPTION OF DEFECT | Low torque on first or second row seat fasteners could result in squeaks, rattles, deflection or unsatisfactory joint integrity. If not addressed, the condition could potentially lead to compromised structural integrity of the seat. |      |                 |

| TYPE      | COMMERCIAL NAME | MODEL YEAR RECALLED | NUMBER OF VEHICLE |
|-----------|-----------------|---------------------|-------------------|
