Domestic ~~(~~ Import Vehicles)

CAMPAIGN No.	Gai-2721	DATE	2018/9/13

DESCRIPTION OF DEFECT	On certain Mercedes-Benz V-Class of model series 447 with code SK5 (automatic child seat recognition ACSR in the front passenger seat), the automatic shutoff of the front passenger airbag is not displayed correctly via the "Passenger Airbag OFF" indicator. In the event of this fault, the non-availability of the front passenger airbag would by mistake not be displayed via the "Passenger Airbag OFF" indicator lamp.
