

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Import vehicles

CAMPAIGN No.	Gai-2759	DATE	December 13. 2018
MANUFACTURER	Volvo Truck Corporation (Japanese Importer : UD Trucks Corporation)		
DESCRIPTION OF DEFECT	<p>① With regards to the brake lamp for heavy-duty-tractors, due to inappropriate choice of LED and a printed circuit board inside of the tail lamp cluster, when the brake lamp is activated along with either of the turning indicators or the hazard lamps and then the brake lamp is turned off, it may cause an abrupt voltage change that might lead to a faint flash of the brake lamp .</p> <p>② With regards to heavy-duty tractors/trucks, due to inappropriate material for the bellows of the exhaust pipe, some exhaust gas components may cause corrosion at the seams of the bellows. Hence, the exhaust pipe seams may crack due to engine vibration, in the worst case, the exhaust gas may leak and the exhaust gas leaked from the pipe might damage cables routed around the exhaust pipe.</p>
