

# Asia Wastewater Management Partnership

Natsuki Hisaoka

Secretariat of AWaP

Sewerage and Wastewater Management Department  
Ministry of Land, Infrastructure, Transport and Tourism (MLIT)

## Back ground of AWaP

**SUSTAINABLE DEVELOPMENT GOALS**

**Target 6.3**

“Halving the proportion of untreated wastewater”

Source: WEPA

Sep.2015 Sustainable Development Goals (SDGs) were adopted in The United Nations Sustainable Development Summit

Dec. 2017 To achieve SDGs target, Japanese government proposed the establishment of AWaP at the Third Asia-Pacific Water Summit

# Asia Wastewater Management Partnership (AWaP)

**Target 6.3**  
"Halving the proportion of untreated wastewater"

Challenges

Low priority of wastewater management

Lack of knowledge and information

Lack of budget and appropriate technology

## The Mainstreaming of the Wastewater Management

Objectives

1 Raising Awareness on Wastewater Management

2 Monitoring of Wastewater Management

3 Resolving Common Challenges
