

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic / Import Vehicles

CAMPAIGN No.	Gai-2792	DATE	Mar 6, 2019
MANUFACTURE	Harley-Davidson Motor Company (Japanese Importer : Harley-Davidson Japan K.K.)		
DESCRIPTION OF DEFECT	The hydraulic clutch system with secondary clutch actuator part numbers 37200131 and 37200131A may, on certain motorcycles, exhibit an internal leak of fluid past the secondary clutch actuator piston/seal. If this leak continues for an extended period, the clutch master cylinder reservoir could lose enough fluid to expose the hydraulic clutch circuit to air, which may result in the inability to generate enough lift to disengage the clutch. If this condition remains undetected, it could lead to a loss of control of the vehicle when started in gear, first shifted into gear, or coming to a stop.		

TYPE	COMMERCIAL NAME	MODEL YEAR RECALLED	NUMBER OF VEHICLE
