

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Import Vehicles

CAMPAIN No.	Gai – 2880	DATE	2 September, 2019
MANUFACTURER	Dr. Ing. h.c. F. Porsche AG (Japanese Importer: Porsche Japan KK)		
DESCRIPTION OF DEFECT	Due to insufficient durable material of a plastic bushing for the selector lever cable, the durability of the selector lever cable cannot be guaranteed over the service life of the vehicle. If the plastic bushing breaks, the resulting play leads to an impaired connection between selector lever and gearbox. As a result, it is possible that the chosen gear selector lever cannot properly positioned.
