Chapter 3  Realizing a World-Class Tourist Destination and Building a Beautiful Nation

Section 1  Trends in Tourism .................................. 37
  1  Significance of a Tourism Nation .......... 37
  2  Tourism Situation .................................. 37
Section 2  Initiatives to Realize a World-Class Tourist Destination .................................. 38
  1  Enhancing the Appeal of Tourism Resources as a Cornerstone of Regional Revitalization .... 38
  2  Innovating the Tourism Industry to Boost its International Competitiveness and Develop It into a Core Industry .................................. 43

Section 3  Building a Beautiful Nation Blessed with Pleasing Landscapes, etc. ................. 49
  1  Pleasing Landscape Formation ................. 49
  2  Community Development Leveraging Nature and History .................................. 50

Chapter 4  Promoting Regional Revitalization

Section 1  Approaches to Regional Revitalization .......... 52
Section 2  Promoting Measures Supporting Regional Revitalization .................................. 53
  1  Efforts Directed at Augmenting Regional and Private Self-reliance and Discretion .......... 53
  2  General Endeavors to Build an Intensive Urban Structure .................................. 54
  3  Urban Planning and Infrastructures Development Taking Advantage of Regional Characteristics .................................. 55
  4  Self-reliance and Revitalization of Wide-Area Blocks, and Formation of National Land .................................. 60
  5  Promoting Regional Partnerships and Interactions .................................. 62
  6  Securing Means of Regional Transport .......... 62
Section 3  Promoting the Private Urban Development .................................. 64

Section 4  Promoting Localized Promotion Measures .................................. 66
  1  Measures Directed at Heavy-snowfall Areas .................................. 66
  2  Promoting Remote Islands Development .......... 66
  3  Promoting and Developing the Amami Islands and Ogasawara Islands .................................. 66
  4  Promoting Peninsulas .................................. 66

Section 5  Promoting Comprehensive Development of Hokkaido .................................. 67
  1  Promotion of the Hokkaido Comprehensive Development Plan .................................. 67
  2  Promoting Distinctive Regions and Cultures .................................. 69

Chapter 5  Creating a Comfortable Living Space

Section 1  Realizing Affluent Residential Living .......... 71
  1  Securing Stability of Residential Living and Advancing its Betterment .................. 71
  2  Supply and Utilization of Good Housing Land .................................. 75
Section 2  Realizing Comfortable Living Environments .................................. 76

Section 3  Realizing Traffic with Enhanced Convenience .................................. 78
  1  Developing City Parks and Creating a Good Urban Environment .................................. 76
  2  Advancing Roads that Prioritize Pedestrians and Bicycle Riders .................................. 77

Chapter 6  Building Competitive Economy and Society

Section 1  Developing Trunk Road Networks ........... 81
  1  Developing Trunk Road Networks .......... 81
  2  Constructing Arterial Railway Networks .......... 84
  3  Constructing Aviation Networks ............ 86

Section 2  Implementing Comprehensive and Integrated Logistics Policies .................. 92
  4  Facilitating Traffic Access to Airports .......... 92
Section 1 Promoting Global Warming Countermeasures
1 Implementing Global Warming Countermeasures: 181
2 Promoting Global Warming Countermeasures (Mitigation Measures): 182
3 Promotion of the Use of Renewable Energy: 186
4 Promotion of Global Warming Countermeasures (Adaptation Measures): 188

Section 2 Promoting the Creation of a Recycling Society
1 Advancing Recycling in Construction: 188
2 Constructing a Logistics System for Recyclable Resources: 190
3 Recycling Vehicles and Marine Vessels: 191
4 Efforts in Green Procurement: 191
5 Promoting the Use of Wooden Materials: 192

Section 3 Reactivating Industries
1 Trends in Railway Industries and Measures: 99
2 Trends in Motor Truck Transport Business and Measures: 101
3 Trends in Maritime Industries and Measures: 102
4 Trends in Air Transport Business and Measures: 108

Section 4 Strengthening Safety Measures in the Transport Sector
1 Secure Transportation Systems Resistant to Disasters: 150
2 Shaping National Land that is Safe and Resilient to Disasters and Enhancing and Strengthening the Framework of Preparedness for Crisis Management: 126
3 Secure Transportation Systems Resistant to Disasters: 150

Section 5 Crisis Management and Security Measures
1 Building and Improving the Safety Management System in the Transportation Business: 155
2 Railway Transportation Safety Measures: 156
3 Safety Measures for Maritime Traffic: 158
4 Air Traffic Safety Measures: 162
5 Finding the Causes of Aircraft, Railway, and Marine Accidents/Incidents, and Preventing Recurrence: 164
6 Support for Victims and Families of Public Transport Accidents: 165
7 Safety Measures for Road Traffic: 165

Chapter 7 Building a Safe and Comfortable Society
Section 1 Realizing a Universal Society: 115
1 Realizing Accessibility through a Universal Design Concept: 115
2 Creating an Environment that Supports Child-rearing Under an Low Birthrate Society: 117
3 Ageing Society Measures: 118
4 Promotion of the Dissemination of Pedestrian Mobility Support: 118

Section 2 Natural Disaster Measures: 119
1 Shifting to a Society with Higher Disaster Prevention Awareness: 119
2 Shaping National Land that is Safe and Resilient to Disasters and Enhancing and Strengthening the Framework of Preparedness for Crisis Management: 126
3 Secure Transportation Systems Resistant to Disasters: 150

Section 3 Ensuring the Safety of Architecture: 154

Section 4 Strengthening Safety Measures in the Transport Sector: 155

Chapter 8 Creating and Preserving a Beautiful and Healthy Environment: 181
Section 1 Promoting Global Warming Countermeasures: 181
1 Implementing Global Warming Countermeasures: 181
2 Promoting Global Warming Countermeasures (Mitigation Measures): 182
3 Promotion of the Use of Renewable Energy: 186
4 Promotion of Global Warming Countermeasures (Adaptation Measures): 188

Section 2 Promoting the Creation of a Recycling Society: 181
1 Advancing Recycling in Construction: 188
2 Constructing a Logistics System for Recyclable Resources: 190
3 Recycling Vehicles and Marine Vessels: 191
4 Efforts in Green Procurement: 191
5 Promoting the Use of Wooden Materials: 192
Section 3  National Land Development That Revives and Preserves the Natural Environment ................................................................. 192
1  Initiatives for Biodiversity Conservation ........................................ 192
2  Creating Rich and Beautiful River Environments ........................................ 192
3  Preserving and Improving Coastal Environments .............................. 194
4  Greening Port and Harbor Administration ..................................... 194
5  Greening Roads and Promoting Natural Environmental Measures 196

Section 4  Maintenance and Restoration of Sound Water Cycles ................................................................. 196
1  Aiming to Maintain a Society in which the Benefits of Water Can Be Savored for a Long Time to Come .................................................. 196
2  Initiatives in Improving the Water Environment .............................. 197
3  Cultivating Water and Using It Efficiently ..................................... 198
4  Realizing Amenity by Promoting Improvements to Sanitary Drainage .................................................. 201

Section 5  Protecting the Marine Environment ...................................... 205

Section 6  Improving Living Environments by Preventing Atmospheric and Noise Pollution .................................................. 207
1  Policies for Environmental Issues Related to Road Traffic .................. 207
2  Environmental Measures for Airports and Surrounding Areas ............. 208
3  Countermeasures for Railway Noise ............................................. 208
4  Countermeasures for Urban Heat Islands ...................................... 208
5  Countermeasures for Sick Building Issue and Soil Contamination ........ 209

Section 7  Observing, Monitoring, and Forecasting Changes in the Global Environment .................................................. 210
1  Observing and Monitoring Climate Change ...................................... 210
2  Research of and Predictions of the Global Environment ...................... 212
3  Promoting Global Geodetic Observation ..................................... 213

Chapter 9  Strengthening Strategic International Development and International Contributions .................................................. 214
Section 1  Promoting the Overseas Development of Infrastructure Systems .................................................. 214
1  General Government Policy ..................................................... 214
2  Initiatives at the Ministry of Land, Infrastructure, Transport and Tourism .................................................. 214

Section 2  Promotion of International Cooperation and Negotiations .................................................. 226
1  Initiatives in the Field of Economic Partnerships .................................. 226

Section 3  Initiatives for International Standardization .................................................. 234

Chapter 10  Utilizing ICT and Promoting Technology Research and Development .................................................. 237
Section 1  Promoting Innovation in the Fields of Land, Infrastructure, Transport, and Tourism Through the Use of ICT .................................................. 237
1  Promoting ITS ............................................................. 237
2  Realizing Autonomous Driving ................................................... 239
3  Realizing a Society that Utilizes Geospatial Information in an Advanced Manner .................................................. 240
4  Realizing an Electronic Government .............................................. 242
5  Development and Opening of Optical Fiber for the Management of Public Facilities and Its Housing Space .................................................. 242
6  Sophisticated Water Management and Water Disaster Prevention Utilizing ICT .................................................. 243
7  Promoting Open Data .......................................................... 243

Section 2  Promoting Technological Research and Development .................................................. 246
1  The Position of Technological Research and Development in Technology Policies and Comprehensive Promotion .................................................. 246
2  Promoting the Utilization and Adoption of New Technology for Public Works .................................................. 248

Section 3  Improving Construction Management Technology .................................................. 248
Section 4 Technology Development for Construction Machinery and Mechanical Equipment

Column

- Aiming to Maximize Stock Effects
- Launch of MDA Situational Indication Linkages (Umishiru)
- Dealing strictly with North Korean fishing boats approaching the sea around Yamato Bank
- Promotion of Tourism and Regional Development through Infrastructure Tourism
- Reconstruction Support for Disaster-Stricken Tourist Areas (Disasters in 2018)
- Ensuring Safety and Security for International Visitors during Emergencies
- “Upopoy” to Open April 2020!
- Committee for Examining Methods for Conveying Disaster Prevention Weather Information
- New Initiatives for Efficient High-Standard Levee Promotion
- Productivity Innovation Project: dam upgrading under operation – Early Upgrading of Water Utilization and Flood Control Capacities to Support Local Economies
- Enhancing Warning and Evacuation Systems to Secure Effective Evacuations
- Preliminary Preparations for Post-disaster Town Reconstruction – Guidelines on Preliminary Preparations for Post-disaster Town Reconstruction
- Effects of Expansion of Expressways to Four Lanes
- Initiatives for the restoration of railways in light of the increased frequency and severity of disasters
- Initiatives to prevent recurrence based on the collision of a tanker with the Kansai International Airport Communication Bridge
- The Parade for the 70th Anniversary of the Establishment of the Coast Guard System and General Training and the Ceremony for the 70th Anniversary of the Establishment of the Coast Guard System
- Enhancement of Water Shortage Response during the Tokyo 2020 Olympic and Paralympic Games
- Toward Accepting Disposable Diapers in Sewers
- Marine Environment Conservation Promotion Activities
- Vigorous Promotion of Top Sales
- Establishment and Inaugural Meeting of the Japan-Cambodia Urban Development and Real Estate Development Platform
- Airborne Gravity Surveys Make a Drastic Change to Elevation System!

※ Maps used in this white paper may not necessarily indicate Japanese territory comprehensively.
