

Strengthening food supply capabilities

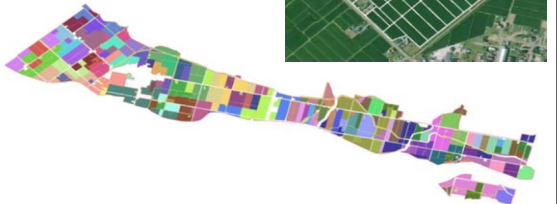

Promoting enlargement of farmland blocks and accumulation of decentralized farmland for efficient use

We are implementing the "government-operated agricultural land reclamation and readjustment project" for improvement of productivity through effecting of farmland use by enlargement of the farmland blocks and by promoting accumulation for efficient use of the decentralized farmland.

Realization of the large-scale farming by the huge organized management entity through the enlargement of paddy field blocks

<Present situation>

About 80 small-sized farms

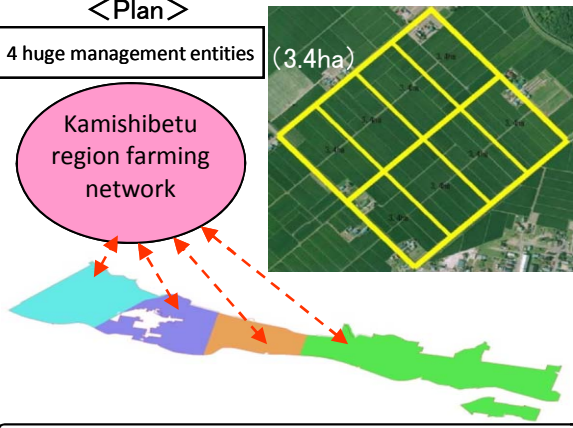

(0.3~0.5ha)

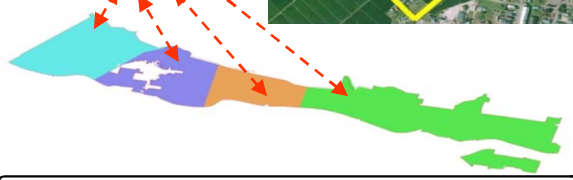

<Plan>

4 huge management entities (3.4ha)

Kamishibetsu region farming network

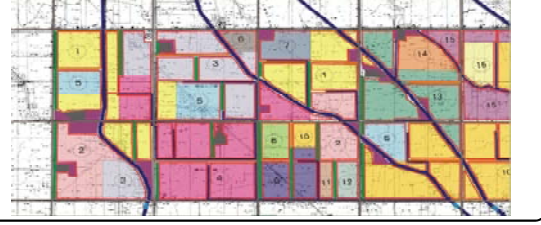

Ex: Government-operated agricultural land reclamation and readjustment project "Kamishibetsu region"

- Terms: 2009 – 2016 ●Beneficiary: 825ha
- Municipality: Shibetsu city
- Main crop: rice, wheat, beans, vegetable, flower
- Plan: land readjustment, farmland development

- Organizing of the regional farming network system
- Shared use of farm machines
- Adjustment of labor-force
- Administration of labor-force

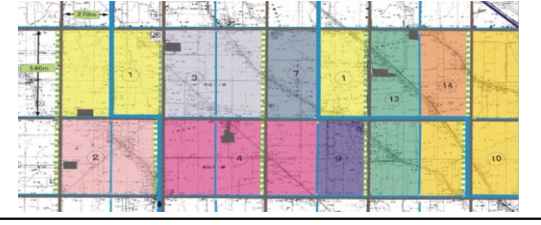

Realizations of effective and divisional farming by the reorganizing farmland through promotion of workability

Irregular, decentralized farmland (Present situation)

Present situation

Formed, accumulated farmland (Plan)

Plan

○Dairy farmers

- Farming cows
expression of milk, feeding, cleaning
cowhouse
- Grassland operation
grass harvesting,

○Crop farmers

- Cultivating management
seeding, insect pest control, weeding,
fertilization, harvesting
- Farmland operation
plowing, soil crushing,

entrustment

○Dairy farm management entity

- Concentrate to farming cows

○Crop farm management entity

- Concentrate to cultivation management

○Farming contractor

- Dairy husbandry: grass harvesting, manure spreading
- Crop farming: plowing, soil crushing, manure spreading, harvesting (part)

Ex: Government-operated agricultural land reclamation and readjustment project "Nakasikaoui region"

- Terms: 2009 – 2016 ●Beneficiary: 2,077ha ●Municipality: Shikaoi town, Otohuke town
