Globefishes(globefish dishes; Fugu dishes)

By Foot

Dining

It's said that the season for globefish dishes is from autumn equinox to spring equinox, but today the dishes can be enjoyed year round. Be sure to try authentic globefish dishes. The first of these that comes to mind is "fukusashi," which is arranged on the plate like a beautiful flower. Also called "kiku-mori" in reference to its chrysanthemum ("kiku") appearance, it's a famous globefish dish.

Kawara-soba

By Public Transport

Dining

This is a specialty dish of KawatanaOnsen. It was developed based on the story that the soldiers who surrounded Kumamoto Castle during the Satsuma Rebellion used tiles to cook meat and vegetables. Flavorful "cha soba" is arranged on a tile with beef, strips of omelet, laver, lemon and other ingredients and served with a special bonito-flavored sauce and grated radish and red pepper.

Green Mall

By Foot

Dining

This mall befits the image of Shimonoseki, which is connected to Busan, South Korea via international sea route. The street is like a "Little Korea" with its "yakiniku" (grilled meat) restaurants, authentic Korean restaurants and "chimajegori" specialty shops. Another traditional specialty besides yakiniku is the "tonchan-nabe," which features beef intestines and lots of vegetables cooked in a "togarashi-miso" (miso with chili pepper) sauce.

Kanmon Strait Coastline-Area

By Foot

Main Attractions

Shimonoseki is a town where the old and new mingle. It includes Ganryu-jima Island where Musashi and Kojiro fought, the 153-meter high Kaikyo Yume Tower, and the boardwalk along the strait which connects Haikara'tYokocho with its large Ferris Wheel, to the Kaikyokan aquarium, and all the way to the Karato Market. Beyond these are Akama-jingu Shrine, where Emperor Antoku was laid to rest and the historic battlefield where the Battle of Dan-no-ura took place. There are a plethora of sights to see.

Chofu-Area

By Public Transport

Main Attractions

The Chronicles of Japan states that Chofu got its name from the fact that it was the capital of the Nagato Province. It flourished in the Edo period (1603-1867) as the castle town of the 50,000-koku Chofu-Mori domain, and at the end, it was where the Meiji Restoration formally began. Taking a walk along places with nostalgic names like Furue-shoji Street, Yokomakura-shoji Street and the Dangu River is like walking through history, and time passes so slowly that you can almost hear the leaves falling.

Tsunoshima Island

By Public Transport

Main Attractions

At 1,780 meters in length, the Tsunoshima Bridge is the longest in Japan that is free to cross. The surface of the water beneath is cobalt blue, a feature of the area. Once you cross the bridge seemingly skating across the water, you will find yourself in the Kita-NagatoKaigan Quasi-National Park in the midst of pristine nature. Here you can experience the coexistence of humans and nature that has continued from old times until today while enjoying the pleasant sea breezes.
