Akayama Tunnels

By Foot

Main Attractions

The Akayama Tunnels, partially opened to the public on April 1, 2004, represent the remains of the Tateyama naval air corps' underground air-raid shelters. With a total length of about 1.6 kilometers, they are one of Japan's most intricate maze of tunnels and Tateyama City's most significant remnants of the Pacific War.

Based on oral accounts, construction took place until the day of Japan's defeat—the tunnels were never completed.
