

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Import Vehicles

CAMPAIGN No.	GAI-1780	DATE	September 13, 2011
MANUFACTURE	Triumph Motorcycles Limited (Japanese Importer : Triumph Japan K.K.)		
DESCRIPTION OF DEFECT	The spring used to hold back the centre stand when it is in its “parked” position is seen to stretch and not resume its original intended length. The spring has also been seen to fracture. Once stretched the centre stand is not held in it parked position securely. If the spring breaks whilst the motorcycle is in motion the centre stand will fall down from its parked position and will drag along the ground.
