

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic Import Vehicles

CAMPAIGN No.	GAI-1869	DATE	Oct 2, 2012
MANUFACTURE	Automobili Lamborghini SpA (Japanese Importer : Audi Japan)		
DESCRIPTION OF DEFECT	Since the material of the high pressure pipe used for the power steering unit is not appropriate, it may cause corrosion due to water when the pipe is used for a long time, and the high pressure pipe may have a small hole. This can result in leak of the power steering oil and in low performance of the power steering. If the location of oil leak is close to a high temperature part such as engine exhaust pipe, oil on a high temperature part may cause smoke. In the worst case, a fire may occur.		

TYPE	COMMERCIAL NAME	MODEL YEAR RECALLED	NUMBER OF VEHICLE
GH-JFGE11	Gallardo	2004-2005	207
GH-JFGE12	Gallardo Gallardo Spyder	2006	82
