Overseas Project Division, Policy Bureau

The Brief Report on “Road Technology Workshop between Myanmar and Japan” and “Road Technology and ITS Workshop between Myanmar and Japan”

Ministry of Land, Infrastructure, Transport and Tourism (MLIT) held “Road Technology Workshop between Myanmar and Japan” in Nay Pay Taw and “Road Technology and ITS Workshop between Myanmar and Japan” in Yangon.

The purpose of these workshops is to introduce Japanese advanced technologies in road and ITS field. The cooperative relationship between Myanmar and Japan was strengthened through these workshops.

MLIT will continuously organize these kinds of workshop in Myanmar so as to enhance the friendly relationship between the two nations.
