

## VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic

Campaign No.	3295	Date	28, January, 2014
Manufacturer	Kobelco Construction Machinery Co., Ltd.		
Description of Defect	<p>At the time of machine manufacture, tightening of the fixing clip on the hydraulic pump hose inserted to the suction pipe of the hydraulic pump, which sends hydraulic oil to the hydraulic travel motor and work devices, was improper. Because of this, the tightening force of some clips has been insufficient.</p> <p>If the machine keeps being used with this condition, the hose may come off and hydraulic oil may leak while the machine is being operated and it may result in inability to travel due to shortage of hydraulic oil.</p>		

Type	Commercial Name	Model year recalled	Number of Vehicles
