

VEHICLE SAFETY/POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic Vehicles

CAMPAIGN No.	3566	DATE	May.14. 2015
MANUFACTURER	HONDA MOTOR CO., LTD.		
DESCRIPTION OF DEFECT	<p>Certain vehicles equipped with CMBS (Collision Mitigation Brake System) may have faults in their millimeter wave radar-aided obstacle detection programs whereby millimeter wave information received can be, on rare occasions, misrecognized as a forward obstacle in the case where the distance from the car ahead increased while driving on a road where its shoulders and/or median strips are provided with guard fences. Should this happen, a warning would appear on the multi-information display and a warning beep would sound despite the unlikelihood of a collision, and the brakes could go on suddenly while it was totally unexpected.</p>		

TYPE	COMMERCIAL NAME	MODEL YEAR RECALLED	NUMBER OF VEHICLE
DAA-CR6	「ACCORD HYBRID」	2013~2015	9,966
		2015	700
