

VEHICLE SAFETY/POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic Vehicles

|                       |   |      |                |
|-----------------------|---|------|----------------|
| CAMPAIGN No.          | 3622  | DATE | August 27,2015 |
| MANUFACTURER          | MITSUBISHI MOTORS CORPORATION   |      |                |
| DESCRIPTION OF DEFECT | In the parking brake cable for the vehicle with turbo charger, the right side parking brake cable may interfere with the fuel tank due to inappropriate installation of the cable. As a result, if use continues under the condition, the coating on the fuel tank would come off causing the tank to be rusted, and in the worst case scenario, fuel could leak from the hole created by the rust. |      |                |

| T Y P E  | COMMERCIAL NAME    | MODEL YEAR RECALLED | NUMBER OF VEHICLE |
