

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic ~~Import Vehicles~~

CAMPAIGN No.	Gai-2239	DATE	Oct 15, 2015
MANUFACTURE	General Motors Company (Japanese Importer : General Motors Japan Ltd. )		
DESCRIPTION OF DEFECT	General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2013 model year Buick Encore, Cadillac ATS 4 door, Chevrolet Trax vehicles, and the following serviced vehicles: 2013-2014 model year Buick Encore and Cadillac ATS 4 door, and 2014 model year Cadillac CTS. Some of these vehicles may have a condition in which the front outboard lap belt pretensioner cables will retract upon deployment to pull in seat belt webbing, as intended, but may not lock in that position, allowing the cable and the retracted webbing to return to their original positions under occupant loading. If this occurs, there may be an increased risk of occupant excursion in frontal and rollover impacts, which increases the risk of injury to an occupant.		

TYPE	COMMERCIAL NAME	MODEL YEAR RECALLED	NUMBER OF VEHICLE
