Preface

Part I Developments in Land, Infrastructure, Transport and Tourism Administration that Underpin Japan's Economic Growth ~ Strategic infrastructure management that brings about productivity revolution ~

Chapter 1 Relationships between Japanese Economy and Land, Infrastructure, Transport and Tourism Administration 2	
Section 1 Japanese Economy and Its Surrounding Conditions 2	Section 2 Economic Trend and Infrastructure Development..... 15
1 Japan's Population Conditions and Future Estimates 2	1 History of economic growth and infrastructure development 15
2 Japan's Fiscal Situation 6	2 Current Status of Infrastructure Development and Aging..... 37
3 International Conditions 7	3 Relationships with Infrastructure and Productivity, moving toward a productivity revolution 38
4 Japan's Economic Situation 8	
Chapter 2 Strategic Infrastructure Management That Brings About a Revolution in Productivity 45	
Section 1 Aiming at Maximizing the Stock Effect..... 45	2 The initiatives of the Minister of Land administration for the promotion of PPP/PFI projects 79
1 Examples of the realized stock effect 45	Section 3 The Results of Opinion Poll and Analysis of Private Businesses 80
2 "Visualizing" the stock effect 63	1 General theory: Diverse types of awareness among private businesses 81
3 MLIT's approaches toward maximizing the stock effect 66	2 Each theory: Consciousness toward the infrastructure of private businesses for each policy issue 86
Section 2 Effective Development and Operation of Infrastructure Through Public-private Partnership 68	Summary 99
1 Domestic PPP/PFI market 68	
Chapter 3 Cultivating and Expanding New Markets, Securing Leaders, and Adopting New Technologies 100	
Section 1 Cultivating and Expanding New Markets 100	Section 2 Securing Leaders for the Development of Infrastructures, Improving On-site Productivity, and Adopting New Technologies 118
1 Overseas development of infrastructure systems 100	1 Securing leaders for the development and maintenance of infrastructures 118
2 The incorporation of inbound visitors and infrastructure 108	2 Improving on-site productivity 129
Supplemental section Response to The 2016 Kumamoto Earthquake	
1 Disaster status 138	5 Recovery of infrastructure that has sustained significant damage 145
2 Response of the MLIT immediately after the earthquake struck 140	6 Initiatives for the revival of tourism, including in terms of the recovery of tourism resources 146
3 Initiatives to provide support for disaster-affected persons 143	7 Supplementary budget 146
4 State of recovery of key infrastructure 145	8 Conclusion 146

Part II Trend in MLIT Policies

Chapter 1 Initiatives towards Restoration and Reconstruction from the Great East Japan Earthquake 148	
Section 1 Current Status and Measures Towards Restoration and Reconstruction..... 148	Section 5 Ensuring the Smooth Execution of Reconstruction Projects..... 153
Section 2 Steady Recovery and Reconstruction of Infrastructures and Transportation 149	Section 6 Reconstruction, Revitalization, and Etc. of Fukushima 153
Section 3 Promoting Post-Disaster Town Reconstruction and Securing Stability of Residency 151	Section 7 Building Tsunami-resistant Communities by Learning from the Great East Japan Earthquake..... 154
Section 4 Securing Local Public Transportation and Promoting Tourism..... 152	
Chapter 2 Deploying Land, Infrastructure, Transport and Tourism Administration Tailored to Urges of the Times 155	
Section 1 Driving the Implementation of a National Land Policy Package 155	1 Formulation of the Water Cycle Basic Plan... 167
Section 2 Measures, etc. against Aging Social Infrastructures 155	2 Future Initiatives on Water Cycle Policy..... 168
Section 3 Driving the Social Infrastructure Development..... 158	Section 8 Efficient, Prioritized Deployment of Measures..... 168
Section 4 Promoting the Implementation of Transport Policy 160	1 Efforts to Improve Productivity in Construction Production Systems Including “i-Construction”..... 168
1 Developing Policies Based on the Basic Act on Transport Policy..... 160	2 Assuring Public Works Quality and developing and securing leaders 169
2 Reconstructing Local Public Transportation Networks 161	Section 9 Forming a New Phase of Relationships between the Central and Local Governments and Private Sectors..... 171
3 Promotion of Comprehensive Logistics Policy..... 162	1 New Phase of Relationships between the Central and Local Governments..... 171
Section 5 Driving the Implementation of Ocean Policy (Oceanic State)..... 163	2 Driving Public-Private Partnerships, etc..... 171
1 Driving the Basic Plan on Ocean Policy Steadily..... 163	Section 10 Policy Evaluations, Project Evaluations, and Interactive Administration 172
2 Protecting Our Country’s Interests in Maritime Rights and Interests 164	1 Driving Policy Evaluations 172
Section 6 Protecting Territorial Land and Territorial Waters Firmly..... 165	2 Implementation of Project Evaluations..... 172
Section 7 Driving the Implementation of Water Cycle..... 167	3 Driving Administrative Management Open to the Public, and Interactive Administration 172
	Section 11 Approaches to Hosting Tokyo 2020 Olympic and Paralympic Games 173
Chapter 3 Realizing a Tourism Nation and Building a Beautiful Nation 174	
Section 1 Trends in Tourism..... 174	3 Creation of Tourism Areas that Contribute to Regional Revitalization and Development of Domestic Tourism 177
1 Significance of a Tourism Nation 174	4 Proactive Improvement of the Environment to Receive Tourists..... 177
2 Tourism Now..... 174	5 Attracting Foreign Business guests and Others, High Quality Tourism Exchanges..... 179
Section 2 Approaches to Forging Tourism Nation 175	6 Acceleration of Tourism Promotion, Having Post-Rio de Janeiro Games, 2020 Olympic and Paralympic Games and Post-2020 Games in Sight..... 180
1 Strategic Initiatives Toward a New Inbound Tourism Era 175	
2 Increasing Consumption of Foreign Visitors, Tapping Demand for Wide-Ranging Tourism-Related Industries and Strengthening the Tourism Industry..... 176	

7 New Tourism Strategy to Invigorate the Japanese Economy	181	1 Pleasing Landscape Formation	184
Section 3 Building a Beautiful Nation Blessed with Pleasing Landscapes, etc.	184	2 Community Development Leveraging Nature and History	186
Chapter 4 Promoting Regional Revitalization	188		
Section 1 Approaches to Regional Revitalization	188	1 Promoting Urban Development by Private Sectors	202
Section 2 Promoting Measures Supporting Regional Revitalization	189	2 Approaching National Strategic Special Districts	203
1 Efforts Directed at Augment Regional and Private Self-reliance and Discretion	189	Section 4 Promoting Localized Promotion Measures	204
2 General Endeavors to Build an Intensive Urban Structure	190	1 Measures Directed at Heavy Snowfall Areas	204
3 Urban Planning and Infrastructures Development Taking Advantage of Regional Characteristics	190	2 Promoting Remote Islands Development	204
4 Self-Reliance and Revitalization of Wide-Area Blocks, and Formation of National Land	197	3 Promoting and Developing the Amami Islands and Ogasawara Islands	204
5 Promoting Regional Partnerships and Interaction	199	4 Promoting Peninsulas	204
6 Securing Means of Regional Transport	200	Section 5 Promoting Comprehensive Development of Hokkaido	205
Section 3 Promoting the Private Urban Development	202	1 Promoting the Hokkaido Comprehensive Development Plan	205
		2 Promoting Distinctive Regions and Cultures	206
Chapter 5 Creating a Comfortable Living Space	208		
Section 1 Realizing Affluent Residential Living	208	1 Developing City Parks and Forming a Good Urban Environment	213
1 Securing Stability of Residential Living and Advancing its Betterment	208	2 Advancing Roads that Prioritize Pedestrians and Bicycle Riders	214
2 Supply and Utilization of Good Housing Land	212	Section 3 Realizing Traffic with Enhanced Convenience	215
Section 2 Realizing Comfortable Living Environments	213		
Chapter 6 Building Competitive Economy and Society	218		
Section 1 Constructing Traffic Networks	218	2 Trends in motor truck transport business and measures	238
1 Developing trunk road networks	218	3 Trends in maritime industries and measures	240
2 Constructing arterial railway networks	223	4 Trends in air transport business and measures	245
3 Constructing aviation networks	224	5 Trends in the Consigned Freight Forwarding Business and Measures	246
4 Facilitating traffic access to airports	230	6 Trends in the warehousing business and measures	246
Section 2 Implementing Comprehensive and Integrated Logistics Policies	230	7 Trends in the truck terminal business and measures	246
1 Implementing logistic policies to correspond with deepening global supply chains	230	8 Trends in the real estate business and measures	246
2 Measures aimed at building an efficient and sustainable logistics system in Japan	233	9 Building a sustainable construction industry	249
Section 3 Reactivating Industries	236		
1 Trends in railway industries and measures	236		
Chapter 7 Building a Safe and Comfortable Society	253		
Section 1 Realizing a Universal Society	253	3 Ageing Society Measures	255
1 Realizing Accessibility through a Universal Design Concept	253	4 Promotion of the dissemination of pedestrian mobility support	256
2 Creating an Environment that Supports Child-rearing Under an Low Birthrate Society	255	Section 2 Natural Disaster Measures	257

1	Responding to Weather Disasters Getting More Serious and Imminent Giant Earthquakes.....	257	5	Determining the Causes of Aircraft, Railway, and Marine Accidents/Serious Incidents and Preventing Recurrence.....	298
2	Shaping National Land that is Safe and Resilient to Disasters and Enhancing and Strengthening the Framework of Preparedness for Crisis Management.....	261	6	Support for Victims and Families of Public Transport Accidents.....	298
3	Secure Transportation Systems Resistant to Disasters.....	287	7	Safety measures for road traffic.....	299
Section 3	Ensuring the Safety of Architecture.....	288	Section 5	Crisis Management and Security Measures.....	304
Section 4	Strengthening Safety Measures in the Transport Sector.....	289	1	Primoting Crime and Terrorism Countermeasures.....	304
1	Building and improving the safety management system in public transportation.....	289	2	Establishing a Response System for Accident Disasters.....	308
2	Railway Transportation Safety Measures.....	290	3	Strengthening the Coast Guard System.....	308
3	Safety Measures for Maritime Traffic.....	292	4	National Security and Protection of Citizen's Lives and Assets.....	309
4	Air Traffic Safety Measures.....	295	5	Infectious Disease Measures.....	310
Chapter 8 Creating and Preserving a Beautiful and Healthy Environment.....		311	1	Aiming to maintain a society in which the blessings of water can be savored for a long time to come.....	327
Section 1	Promoting Global Warming Countermeasures.....	311	2	Initiatives in improving the water environment.....	328
1	Implementing Global Warming Countermeasures.....	311	3	Cultivating water and using it efficiently.....	329
2	Promoting Global Warming Countermeasures (Mitigation Measures).....	312	4	Realizing amenity by promoting improvements to sanitary drainage.....	330
3	Promotion of the Use of Renewable Energy ..	316	Section 5	Protecting the marine environment.....	333
4	Promotion of Global Warming Countermeasures (Adaptation measures).....	319	Section 6	Improving living environments by preventing atmospheric and noise pollution.....	334
Section 2	Promoting the creation of a recycling society.....	319	1	Policies for environmental issues related to road traffic.....	334
1	Advancing recycling in construction.....	319	2	Environmental measures for airports and surrounding areas.....	335
2	Constructing a resource recycling logistics system.....	320	3	Countermeasures for Railway Noise.....	335
3	Recycling vehicles and marine vessels.....	321	4	Countermeasures for urban heat islands.....	335
4	Efforts in Green Procurement.....	322	5	Countermeasures for sick building syndrome and soil contamination.....	336
5	Promoting the use of wooden building materials.....	323	6	Environmental measures in construction.....	337
Section 3	National land development that revives and preserves the natural environment.....	323	Section 7	Observing, Monitoring, and Forecasting Changes in the Global Environment.....	337
1	Initiatives for preserving biodiversity.....	323	1	Observing and monitoring the global environment.....	337
2	Creating rich and beautiful river environments.....	323	2	Research and Prediction of the Global Environment.....	339
3	Preserving and improving coastal environments.....	325	3	Promoting Global Mapping Project and the world geodetic network.....	339
4	Greening port and harbor administration.....	325			
5	Greening roads and promoting natural environmental measures.....	327			
Section 4	Maintenance or Recovery of a Healthy Water Cycle.....	327			
Chapter 9 Strengthening Strategic International Expansion and Contributions.....		340	Section 2	Promotion of International Cooperation and Negotiations.....	349
Section 1	Promoting the Export of Infrastructure Systems.....	340	1	Initiatives in the Field of Economic Partnerships.....	349
1	General Direction of Government Policy.....	340			
2	Initiatives of the Ministry of Land, Infrastructure, Transport and Tourism.....	340			

2	Contributions to and the Strategic Use of International Organizations.....	350	Section 3	Initiatives Towards International Standardization.....	356
3	Multilateral and Bilateral International Negotiations and Collaborative Initiatives in Different Sectors.....	353			
Chapter 10 Utilizing ICT and Promoting Technology Research and Development..... 359					
Section 1	Promoting Innovation in the Fields of Land, Infrastructure, Transport, and Tourism Through the Use of ICT.....	359	Section 2	Promoting the Research and Development of Technology.....	363
1	Promoting ITS.....	359	1	The Position of Technological Research and Development in Technology Policies and Comprehensive Promotion.....	363
2	Realizing Automatic-Driving Systems.....	360	2	Promoting the Utilization and Adoption of New Technology for Public Works.....	365
3	Realizing a Society that Utilizes Geospatial Information in a Sophisticated Manner.....	360	Section 3	Improving Construction Management Technology.....	366
4	Realizing an Electronic Government.....	361	1	Improving Costing Technology for Public Works.....	366
5	Development and Opening of Optical Fiber for the Management of Public Facilities and Its Housing Space.....	361	2	CIM and BIM Initiatives.....	366
6	Sophisticated Water Management and Water Disaster Prevention Utilizing ICT.....	362	Section 4	Technology Development for Construction Machinery and Mechanical Equipment.....	366
7	Support for Innovations Benefitting Local Route Bus Businesses With the Use of Big Data.....	363			

Column

■	Daily life and infrastructure in the Edo period as portrayed by Hiroshige Utagawa.....	18	■	Rules for English Translation of Japanese Geographical Names and Map Symbols for Overseas Visitors have been settled.....	183
■	Development of attractive communities where local activities and infrastructure are combined.....	23	■	Shinjuku Expressway Bus Terminal – various improvements in the infrastructure to enhance the convenience of Shinjuku Station south exit.....	191
■	Has the multiplier effect been diminishing?.....	39	■	Registration of Miike Port, constructed in 1908 and still in operation, as a World Heritage Site.....	193
■	Project of productivity revolution 13.....	42	■	Inspection of business of expressway organizations and companies.....	222
■	Collaboration between governments and regional financial institutions to manifest stock effects. ~ Hokkaido Regional Development Bureau and North Pacific Bank, Ltd. ~.....	50	■	Measures to reduce redelivery in home delivery services.....	235
■	Ripple effects of improvement in the infrastructure, and understanding of wider impacts overseas.....	65	■	Technology development in upgrading dam projects ~The Monodzukuri Nippon Grand Award ~.....	263
■	India's high speed railway.....	108	■	Start of construction work to heighten the ground level in zero meter areas utilizing construction generated soil.....	268
■	Realization of the era of welcoming one million foreign visitors by cruise ships.....	109	■	Sediment-related disasters caused by Kanto-Tohoku Heavy Rainfall in September, 2015.....	270
■	Global Power City Index.....	112	■	Major volcanic activities in 2015, and responses by the Japan Meteorological Agency.....	274
■	Utilization of dams as tourist resources for regional revitalization ~dam tourism~.....	116	■	Transmission of Emergency Warnings via Early Warning Mail service.....	283
■	Full enjoyment of the attractiveness in waterfronts while traveling from Haneda to the city center comfortably and waveringly by ship.....	118	■	Support being offered, such as technical advices on disaster recovery and improved recovery projects.....	286
■	Expectation for KidZania to develop people who shoulder responsibilities for the future.....	125	■	For a safe flight of unmanned aircrafts (drones, radio-controlled planes, etc.).....	296
■	Reform in construction work sites in Japan.....	131	■	Hydrogen production from sewage sludge, which can power cars!.....	317
■	Efforts toward practical use of automatic driving (automatic cruising).....	135			
■	the Tourism strategy meeting in each regional block toward receiving 20 million inbound foreign tourists.....	182			

■ Strong promotion of top-to-top selling.....	341	■ The international real estate exhibition was staged in	
■ Overseas development of infrastructure systems..	343	Japan for the first time as MIPIM JAPAN	348

※ Maps used in this white paper may not necessarily indicate Japanese territory comprehensively.
