

VEHICLE SAFETY/POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic Vehicles

| | | | |
|-----------------------|---|------|-------------|
| CAMPAIGN No. | 4023 | DATE | Mar.30.2017 |
| MANUFACTURER | TOYOTA | | |
| DESCRIPTION OF DEFECT | <p>The subject vehicles are equipped with a Vehicle Stability Control System (VSC). Due to improper brake control programming, the vehicle velocity may have been calculated improperly during wheel slip. If this occurs, the brake may not be performed as designed, causing an increase of the braking distance in the condition of wheel slip, such as when the vehicle is driven on snowy roads.</p> | | |
