

TIRE SAFETY RECALL CAMPAIGN IN JAPAN

Domestic/~~Import~~ Tires

CAMPAIGN No.	SOU-14	DATE	14 Jan. 2021
MANUFACTURER	Bridgestone Corporation		
DESCRIPTION OF DEFECT	Tire(Possible tread peel-off) A component of the belt-cutting device in the tire building machine was damaged due to improper maintenance, and then some internal parts of the component may have been mixed into the tire. Continued use of such tires for a significant period could lead to a partial tread peel-off in the worst case.
