

## VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic ~~Import Vehicles~~

CAMPAIGN No.	Gai-3195	DATE	2021/3/24
MANUFACTURE	Mercedes-Benz AG (Japanese Importer : Mercedes-Benz Japan Co., Ltd. )		
DESCRIPTION OF DEFECT	On certain EQC (293 platform) vehicles the software of the high voltage battery management system might not meet specifications. Under certain conditions, this might lead to communication issues between the processors of the high voltage battery management system. Subsequently, the battery management system might not boot up. As a result, the vehicle might not start and a warning message regarding the high voltage battery might be shown in the instrument cluster. Legal requirements in Japan would not be met in this case.
