

## VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic ~~Import Vehicles~~

|                       |   |      |          |
|-----------------------|---|------|----------|
| CAMPAIGN No.          | Gai-3244  | DATE | 2021/7/8 |
| MANUFACTURE           | MercedeShooting Brakeenz AG<br>(Japanese Importer : MercedeShooting Brakeenz Japan Co., Ltd. )  |      |          |
| DESCRIPTION OF DEFECT | <p>On certain CLA (117 platform), GLA (156 platform), A-Class (176 platform) and B-Class (242, 246 platform) vehicles a bore in the universal joint on the steering shaft might not meet specifications.</p> <p>In this case, a play between the bearing in the bore hole and the universal joint might occur. Over time, this play could increase and lead to noises and an imprecise steering feel.</p> <p>If the symptoms are not recognized over a longer period, the bearing could separate from the universal joint. In this case, the steerability of the vehicle would be impaired, which could increase the risk of a crash.</p> |      |          |
