

VEHICLE SAFETY/POLLUTION RECALL CAMPAIGN IN JAPAN

Import Vehicles

CAMPAIGN No.	Gai-3247	DATE	July 15, 2021
MANUFACTURER	Bentley Motors Limited (Japanese Importer : Volkswagen Group Japan KK)		
DESCRIPTION OF DEFECT	For airbag electric circuit, the electric wires are not correctly connected to the airbag computer due to incorrect instruction when the harness was produced. Therefore, driver's and passenger's knee airbags will not deploy correctly when the car collides with the passenger airbag switched off, consequently occupants could be injured.
