

**Form No. 4: Summary of Recall Campaign in English (Related to Article 2)**

**Vehicle Safety/Pollution Recall Campaign in Japan**

Import Vehicles

Campaign No.	Gai-3260	Date	July. 29, 2021
Manufacturer	Jaguar Land Rover Limited Japanese Importer: Jaguar Land Rover Japan Limited		
Description of defect	<p>The fuel return hose assembly may have been incorrectly manufactured. The reinforcing yarn mesh between the inner and outer rubber hose layers may not provide adequate reinforcement. The hose may split when pressure pulsations flex the hose over time. A split hose will allow low pressure fuel to leak into the engine bay, run down the cold side of the engine and flow onto the road surface.</p> <p>Inspect the hose assembly and renew if required.</p>		

Type	Commercial name	Model year recalled	Number of vehicles
3CA-DC2NC	F-PACE	2021	27
3CA-DF2NB	E-PACE		23
3CA-JA2ND	XE		6
