

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic ~~Import Vehicles~~

CAMPAIGN No.	Gai-xxx2	DATE	2021/9/29
MANUFACTURE	Mercedes-Benz AG (Japanese Importer : Mercedes-Benz Japan Co., Ltd.)		
DESCRIPTION OF DEFECT	On certain S-Class vehicles (223 platform) the bolting of an electrical wiring on the pre-fuse box in the passenger-side footwell might not meet specifications. In this case, the electric resistance of the connection might increase. In combination with the high electrical currents potentially flowing through this connection, the temperature in this area might increase. As a consequence, the risk of fire cannot be ruled out completely.
