

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Import Vehicles

CAMPAIGN No.	Gai-3395	DATE	Apr 26 2022
MANUFACTURE	FCA US LLC (Japanese Importer : Stellantis Japan Ltd. )		
DESCRIPTION OF DEFECT	The second row seats may have been built with a missing weld or welds from the seat back frame to the child tether on one or both seats. Vehicles built with a missing weld from the seat back frame to the child tether may not meet regulatory strength requirement for tether anchorages. A tether anchorage separating completely from the vehicle seat may increase the risk of injury to the occupant of the child seat in a crash.
