

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Import Vehicles

CAMPAIGN No.	Gai-3403	DATE	May 19, 2022
MANUFACTURE	Bentley Motors Limited (Japanese Importer : Volkswagen Group Japan KK)		
DESCRIPTION OF DEFECT	For sliding type seat rails of rear seats, it is possible that seats are not firmly secured due to the fact that rails are fitted in misaligned condition and locking holes in rails are slightly misaligned. Therefore, the seats will move in the event of an impact accident and the passengers may be injured in the worst case. Besides, it is possible that stoppers could not be fitted to the rear ends of these rails and carpets may be indented when seats move to fully rearward.
