## VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

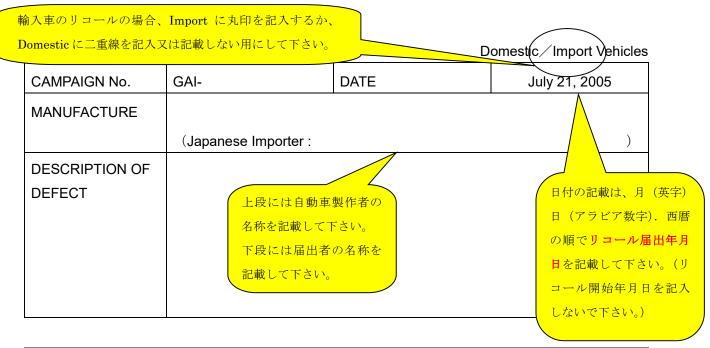

## Import Vehicles

CAMPAIGN No.	外 3555	DATE	13. Feb. 2023	
MANUFACTURE	DFSK			
	(Japanese Importer : fo	olofly inc.	)	
DESCRIPTION OF DEFECT	At the steering shaft and steering gear assembly connection, the rubber material used for the dust cover is inappropriate.  If it keep using, problems such as cracks may occur, and there is a risk that it will not satisfy the standards for the steering system.  If you continue to use it for a long time in a cracked, the internal oil seal may deteriorate by dust then grease may leak out.			

TYPE	COMMERCIAL NAME	MODEL YEAR RECALLED	NUMBER OF VEHICLE
