

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Import Vehicles

CAMPAIGN No.	Gai-3628	DATE	October 26, 2023
MANUFACTURE	Automobiles PEUGEOT (Japanese Importer :Stellantis Japan Ltd. )		
DESCRIPTION OF DEFECT	On some Peugeot 308 vehicles, the connector cover of high voltage cable may not be properly installed to the inverter of the hybrid automatic transmission. As this consequence, water may enter the inverter and cause insulation fault. Then MIL turns on and electric motor may stop.
