

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Import Vehicles

CAMPAIGN No.	Gai-3698	DATE	October 12, 2023
MANUFACTURE	Automobiles PEUGEOT Automobiles CITROEN DS Automobiles (Japanese Importer :Stellantis Japan Ltd. )		
DESCRIPTION OF DEFECT	The calibration for urea pump diagnostic in the ECU (Engine Control Unit) on vehicles is not fulfilling regulation requirement. This will lead to missing warning (MIL on) in instrument panel cluster in case of urea overpressure with shut-off of the SCR (Selective Catalytic Reduction) system. In worst case this can lead to non-compliance to emission regulatory.
