

VEHICLE SAFETY/POLLUTION RECALL CAMPAIGN IN JAPAN

Import Vehicles

CAMPAIGN No.	GAI-3727	DATE	November 30, 2023
MANUFACTURER	Audi (Japanese Importer: VOLKSWAGEN Group Japan K.K.)		
DESCRIPTION OF DEFECT	The high-voltage battery seal does not meet specifications. Insufficiently robust sealant can lead to battery leakage. If liquid reaches the high-voltage battery, the insulation resistance drops and arcing can occur, which could increase the risk of a thermal event.
