

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic ~~Import Vehicles~~

CAMPAIGN No.	Gai-3800	DATE	2024/5/16
MANUFACTURE	Mercedes-Benz AG (Japanese Importer : Mercedes-Benz Japan G.K.)		
DESCRIPTION OF DEFECT	On certain CLA (118 platform), A-Class (177 platform), EQA/EQB (243 platform) and B-Class/GLA/GLB (247 platform) right-hand drive vehicles, the backup function of the steering software might not meet specifications. In the event of a non-systematic and independent hardware failure, the backup function of the steering would be activated. On the affected vehicles, this function might not react as intended in this extremely rare case. As a result, the steering power support might be impaired and a loss of steerability cannot be ruled out, which would increase the risk of a crash or injury. In addition, local legal requirements might not be meet.
