

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic ~~Import Vehicles~~

CAMPAIGN No.	Gai-3850	DATE	2024/8/22
MANUFACTURE	Mercedes-Benz AG (Japanese Importer : Mercedes-Benz Japan G.K.)		
DESCRIPTION OF DEFECT	On certain C-Class (206 platform), E-Class (214 platform), EQS (297 platform), EQS SUV (296 platform), EQE (295 platform), EQE SUV (294 platform), SL (232 platform), GLC (254 platform) and CLE (236 platform) right-hand-drive vehicles with the optional equipment "Digital Light", the software of the lighting control unit might not meet specifications. In this case, if the safety distance to the vehicle in front falls too short, this might cause an inhomogeneous light distribution in form of an undefined, non-glaring light spot on the road. All of the other functions of the "Digital Light" are not affected and remain fully functional. However, local legal requirements might not be met.
