

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic ~~Import Vehicles~~

CAMPAIGN No.	Gai-3943	DATE	2025/2/13
MANUFACTURE	Mercedes-Benz AG (Japanese Importer : Mercedes-Benz Japan G.K.)		
DESCRIPTION OF DEFECT	On certain E-Class (214 platform) and CLE Coupe (236 platform) vehicles, the software of the MBUX multimedia system might not meet specifications. In this case, a permanent deactivation of certain functions of assistance systems might occur. As a result, e.g. no system-initiated brake interventions for cross-traffic would be triggered. Should a driver rely solely on the assistance systems, this might increase the risk of a crash. Furthermore, local legal requirements might not be met.		

TYPE	COMMERCIAL NAME	MODEL YEAR RECALLED	NUMBER OF VEHICLE
