

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Import Vehicles

CAMPAIGN No.	Gai-4136	DATE	January 13, 2026
MANUFACTURE	Bentley Motors Limited (Japanese Importer : Volkswagen Group Japan KK)		
DESCRIPTION OF DEFECT	Due to the deviations in the manufacturing process, individual battery modules on potentially affected vehicles may show deviations in important technical parameters over time. These deviations may indicate a defect on the affected battery modules. If a defect of this nature is present, the high-voltage battery modules may experience a thermal overload when charging and possibly resulting in a fire in the worst case.
