

VEHICLE SAFETY / POLLUTION RECALL CAMPAIGN IN JAPAN

Import Vehicles

CAMPAIGN No.	Gai-4208	DATE	July 23, 2026
MANUFACTURE	Automobiles PEUGEOT、Automobiles CITROEN (Japanese Importer : Stellantis Japan Ltd.)		
DESCRIPTION OF DEFECT	The affected vehicles may have been assembled with a reduced clearance between the Gasoline Particulate Filter pipe and the pole protection cap of the 48V Belt Starter Generator which is poor electrical insulation. There is a possibility that these may lead electric leak between the two parts. In the worst-case scenario, this could result in a potential risk of fire in the engine compartment.		

TYPE	COMMERCIAL NAME	MODEL YEAR RECALLED	NUMBER OF VEHICLE
