

VEHICLE SAFETY/POLLUTION RECALL CAMPAIGN IN JAPAN

Domestic Vehicles

CAMPAIGN No.	5 5 6 2	DATE	7.Nov.2024
MANUFACTURER	NISSAN MOTORSPORTS & CUSTOMIZING COMPANY, LIMITED		
DESCRIPTION OF DEFECT	Due to insufficient management of work instructions for the fuel gauge harness, the harness was damaged during processing of the vehicle floor. As a result, the fuel level information was not transmitted to the fuel gauge, and in the worst case scenario, the engine may stall while driving and be unable to be restarted.
