## Western Cuisine

By Public Transport

Dining

Hakodate was Japan's first international trade port and window for exchange with various foreign countries since old times, thus allowing the western cuisine culture to take root in the place. Experience the profound influence of western cuisine here in Hakodate, from restaurants dating from the Meiji Period, ham and sausage shops that continue to use techniques passed down from Germany in the Taisho Period, to bold new shops that use only the freshest seasonal local ingredients.

## Slopes in Motomachi

By Public Transport

Main Attractions

Another fun thing is to wander around the sloping streets that are inseparable parts of the cityscape. There are 19 steep streets at the foot of Mt. Hakodate with names, such as Hachiman-zaka, Nijikken-zaka, and Yayoi-zaka, as well as many walking routes that allow a view of the historical buildings. Look up and you'll see Mt. Hakodate; look down and you'll see the harbor. The slopes play a supporting role in providing Hakodate-esque landscapes.

## Goryokaku

By Public Transport

Main Attractions

Completed in 1864, Goryokaku was Japan's first western style fort. It is a star-shaped fortress that was designated a special historical site by the government. It was the site of the Battle of Hakodate, the last battle in the Boshin War, and the final stronghold of Enomoto Takeaki and Hijikata Toshizo, leaders of the Shinsengumi. It is generally more familiar as Goryokaku Park. You will rave once you see the view from Goryokaku Tower.
