

Tamano Ontama Meshi

Tamano Ontama Meshi is the local gourmet cuisine of Tamano City, consisting of fried rice with conger eel and cereal grains, and topped with "onsen-tamago" (slow boiled egg). The combination of soy sauce and the "kabayaki" (grilled eel) sauce is addictive! Be sure to give it a try. It is served at 11 restaurants in Tamano City.

White peach, Grapes

The white peaches of the fruit kingdom of Okayama are exquisitely colored and have a smooth texture. They are also very sweet and juicy. Additionally, there is a vast selection of delicious grapes, from the "Muscat of Alexandria," which is known as the queen of fruits, to the "New Pione." Enjoy picking fruit in various locations throughout the prefecture.

Bizenyaki Pottery

Bizenyaki Pottery is a national cultural heritage and has a proud history expanding 1,000 years. The unrefined porcelain requires no glaze and revolves around the harmony between clay and fire – a characteristic of wabi-sabi. There are workshops, potteries and bizenyaki museums located within the JR Imbe station vicinity. Visitors can also try their hand at this pottery.

Kurashiki Bikan Historical Quarter

By Public Transport

Main Attractions

The Kurashiki Bikan Historical Quarter flourished in the Edo period (1603-1867) as a rice shipping area, and the warehouses and other relics provide a glimpse into bygone days. Rows of willow trees that rustle in the wind and white walls show a beautiful contrast and cast a reflection onto the Kurashiki River, creating a traditional townscape of Japanese architecture. There are also many cultural facilities, including the Ohara Museum of Art, which houses world-famous paintings, a folk craft museum and an archeological museum.

| | | | |
|---------------|---|------------------------|----------|

Korakuen Garden, Okayama Castle

By Public Transport

Main Attractions

Korakuen Garden at Okayama Castle was built around 300 years ago for Ikeda Tsunamasa, lord of the Okayama domain, as a place for relaxation and is one of the Three Great Gardens of Japan. Lawns, ponds, hills and tea houses are connected by garden paths and streams, so you can enjoy the varied scenery as you walk. Okayama Castle next door was built by UkitaHideie and is also known as "Crow Castle" because of its black keep.
