Remains of the Kaiten Training Base and Kaiten Memorial Museum on Ozushima

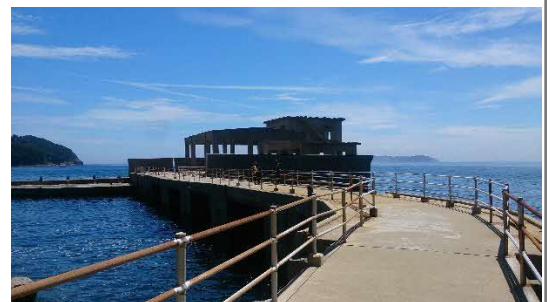

By Public Transport

Main Attractions

The Kaiten human torpedoes were created near the end of the Pacific War as a special attack weapon consisting of a torpedo loaded with explosives and piloted by a human operator to strike enemy ships. A training base for the special attack unit members was located in Ozushima. Many elite youth around 20 years of age came here from around Japan, and after undergoing harsh training, left from here on attacks. This facility is intended so that people will remember the history of the Kaiten human torpedoes and continue to pass on their story to future generations.

National Guest House Ojo

By Public Transport

Main Attractions

This accommodation is located on Kasado Island in Kudamatsu City. All rooms have an ocean view, allowing you to enjoy the magnificent scenery of the Seto Inland Sea. The hot springs, which offer a view of Kasado Bay right in front of you, are also available for day trips. In addition to carbonated springs and rock baths, you can enjoy the "infinity bath" where the water surface appears to be one with the sea and sky. Furthermore, the restaurant serves exquisite dishes made with local ingredients, including Kudamatsu City's "Kasado Hirame". Lunch can be accommodated for a maximum of 60 people.

Location/View	14-1 Kasadojima, Kudamatsu City, Yamaguchi, 744-0001
