Dining

Grilled beef tongue is originated in Sendai. You can order the grilled beef tongue as a single item, but the beef tongue set meal served with barley rice, tail soup, salted cabbage and cucumbers, and green pepper mixed with miso is a popular choice. Even if the menu is the same, each store uses different cuts of beef tongue or has their own ways of seasoning them.

Sendai Castle, residence of Date 620,000 goku. The castle has now disappeared, and the stone walls and the rebuilt side turret let you think of that time. Standing in front of the equestrian statue of Masamune, you can see the city in the same way as the lord, who was full of ambition to rule over the whole country.
