Akita Kanto Festival

only one

By Public Transport

Topics

Acknowledged as one of the national intangible cultural assets in Japan, the Kanto Festival in Akita City is one of the three major summer festivals in the Tohoku (northeast) region, and has been held to pray for rich harvest for approximately 270 years. Decorated with many lanterns which is regarded as straw rice bags, long bamboo poles is also called Kanto, and Kanto poles swaying in the summer night look like rice field. It has been said that devoting oneself daily and sense of balance is needed to learn the technique to handle long and heavy Kanto poles with complete control and to become a Kanto master. In the Kanto Festival, please enjoy the inherited Kanto technique.
