Kawachi Fish Cake

Kawachi fish cake is made exclusively with lizardfish and horse mackerel caught in the Kawachi Bay. The secret lies in the traditional recipe and freshness of ingredients. The simple yet tasty delicacy represents techniques passed down in Kawachi for generations.

Hirado Beef

Hirado Beef is a brand of a high-end breed of wagyu (Japanese cattle) raised in the vast nature of Hirado. The soft flesh fills the mouth with a rich sweetness with every bite. Hirado Beef was selected as Japan's number one in the beef cattle division of the 10th National Competitive Exhibition of Wagyu, known as the Olympics of Wagyu.

Kasudosu (Sweet Castella)

By Public Transport

🚛 By Public Transport

¶©¶ Dining

Kasudosu is an elaborate recipe introduced to Japan 400 years ago by Western priests, and remains a gift unique to Hirado today. Square slices of castella sponge cake are dipped in egg yolk, heated in warm sugar syrup, and then sprinkled with granulated sugar.

Gobo-mochi Rice Cake

Gobo-mochi rice cake is a simple snack unique to Hirado. The recipe is believed to have been introduced by the Chinese trader and pirate Wang Zhi. The name reputedly comes from the rice cake's color and shape resembling a gobo, or greater burdock.

Tabira Catholic Church

Tabira Catholic Church is a solemn red-brick structure of Romanesque architecture built by worshippers over a period of three years starting in 1915. The building is designated an Important Cultural Property of Japan and is one of the Churches and Christian Sites in Nagasaki and is on the tentative list as a cultural UNESCO World Heritage Site. *Notice: Because of under construction in some term during 2021, several parts of Church may not be seen.

Sunset Way

🖽 By Public Transport

🛲 By Public Transport

Main Attractions

Main Attractions

Sunset Way is the nickname for the road on the west side of Ikitsuki Island between Tachiura, near Ikitsuki Bridge, and Shiodawara. It was so named for the view of the sunset over the East China Sea you will see driving on this road. The beauty of the cliffs and waters at close range is almost otherworldly.

Obae Lighthouse

The Obae Lighthouse is an unmanned facility standing on the 100-meter tall cliff of Obae. The observation deck—one of the few of its kind in Japan—commands a magnificent view. The sunset is particularly beautiful.

Hirado Castle

By Public Transport

G Main Attractions

Hirado Castle, also known as Kameoka Castle, is built on the hill of flatland protruding into the Strait of Hirado. The original castle, then called Hinotake Castle, was erected in 1599 by MatsuraShigenobu (29th Lord), who burned down the structure himself in 1613. With assistance from military strategist YamagaSoko, Matsura Takashi (30th) designed the present-day castle in 1704, and construction was completed in 1718 by MatsuraAtsunobu (31st), who named it Kameoka Castle.
