

津田地区の再編

原木の水面取りから陸取りへの荷役形態の変化に対応した施設計画(水深12m岸壁)

The map shows the Tsuda area with various zones. A yellow callout points to a red hatched area along the waterfront, indicating a 12m deep quay wall. Another yellow callout points to a large red hatched area, indicating the reclamation of a floating log storage area for industrial and green space. The map also shows the 'Tsuda area' (津田地区) and 'Sawada area' (与茂田地区) labels.

遊休化した水面貯木場を埋め立て、工業用地、緑地を確保
