

## Kushiro Marine Exhibition Hall (MARINE TOPOS KUSHIRO)

MARINE TOPOS KUSHIRO is a maritime museum located in Kushiro Port. The word *topos* is Greek for “place.” From May to October, the museum is closed on Sundays and public holidays. From August to September the museum is open every day. The exhibition room displays fishing tools, dioramas, and valuable historical documents. Visitors can learn about the history of the Kushiro City fishing industry through a video presentation. On the fifth floor, an observation deck provides a wide view of Kushiro and the Pacific Ocean.
