

## Tickets and Shoes

After entering the *keido* entrance, there is a large earthen floor space. On the right there is a ticket gate, where one can purchase tickets. On both sides of the entrance space, there are spaces for storing shoes. After stepping up into the inner entrance (*uchi keido*), the footwear is hung up by the attendant and one receives a docket for them. When you receive the numbered ticket for your shoes, you are free to go to your seat.
