

## **Craggy Romance**

Kaminohama is at the west end of Zamami, a 20 minute walk from Ama Beach and 40 minute walk from Zamami Harbor. It offers sweeping views of Tokashiki, Amuro, Agenashiku, and Gahi in the east and Kuba, Yakabi, and Tonaki in the west. The four crags of Ijakuja thrust dynamically out of the water directly in front of you to the south. For the romantically inclined, there's a patch of turquoise blue in the shape of a heart, the result of a patch of clear white sand beneath. This is a great place to enjoy romantic sunsets.
